ORDER:

Dance
In G.O.Ms.No.5872, Development dated 27th November 1948 the Government have ordered inter alia that no iron and steel should be released for elaborate and luxurious types of constructions and non-essential structures such as Cinemas, Halls, studios, amusement concerns etc., It has however been found that, inspite of the ban mentioned above, construction of non-essential structures particularly cinema theatres has been going on with fabricated goods such as, trusses, purling etc. supplied by the Steel Processing Factories and other fabricators. The Govt., have, therefore, considered in consultation with the Director of Controlled Commodities and Director of Industries and Commerce preventing steel processing factories and fabricators from manufacturing and selling fabricated articles for non-essential purposes and pass the following orders:--

(1) Before recommending applications from the S.P.Fs. to the Govt. of India or to the Director of Controlled Commodities for allotment of iron and steel from the S.P.I. quota administered by the Director General of Industries and Supply, New Delhi or the Director of Controlled Commodities, the Director of Industries and Commerce should verify the orders booked on the above factories and recommend quotas of iron and steel only for such other items as are required for essential constructions;

(2) The Director of Controlled Commodities should specify the quota certificates issued to the S.P.Fs. the details of work for which only the steel allotted to them should be utilised.

(3) No iron and steel should be allotted from the State Non-Agrl. Quota for the constructions of new rice mills and oil mills except when a new rice mill or oil mill is allowed to be constructed under the orders of the Govt. in which cases the necessary iron and steel may be allotted;

(4) Applications for iron and steel for the construction of soap factories will be considered on their merits.

2. The proposal of the Director of Controlled Commodities and the Director of Industries and Commerce issuing instructions to the S.P.Fs. not to fabricate and sell articles required

✓
for the construction of cinema theatres, godowns, private buildings, rice mills and oil mills is not accepted by the Government as it is not feasible of enforcement.

(BY ORDER OF ~~THE~~ HIS EXCELLENCY THE GOVERNOR).

R. Koteeswara Rao,
Deputy Secretary to Government.

To the Director of Controlled Commodities.
To the Director of Industries and Commerce.
To all other Heads of Department.
To all Collectors.
Copy to all Departments of Secretariat except Legal.
